

About the College

PDUAM Eraligool, Karimganj was established in 2017 by Government of Assam with the financial assistance from RUSA. The college has an infrastructure built on a sprawling campus spreading over 30 bighas of land at Eraligool with digital classrooms, state-of-the art laboratories and residential facilities for staff and girl students.

For providing quality higher education compatible to the one available in the best institutes in the country, the Government aims at transforming this institution as centre of excellence and also has plan to introduce Post Graduate (PG) level courses in future.

About the Department

The Department of Physics came into being in 2017, along with other Departments in the same year. The Department offers three year B.Sc. (Honours & General) courses under Assam University CBCS curriculum. In order to inculcate learning of Physics through innovation and interaction, the Department has established well-furnished laboratories offering state-of-the art facilities to promote hands-on experience and enhance the teaching-learning process.

The students are encouraged to develop the attitude of reasoning and motivate them to participate in group discussions and seminars. By engaging the students in various curricular and co-curricular activities, the Department aims to enhance and promote all-round development of the students.

Significance of the Event

The international day of Light is celebrated on 16 May each year, the anniversary of the first successful operation of the laser in 1960 by Physicist and engineer, Theodore Maiman. This day is a call to strengthen scientific cooperation and harness the its potential to foster peace and sustainable development.
